State Forest or State Park

Other DNR Managed Land

The data on this map have been obtained from various sources, and are of varying age, reliability, and resolution. This map is not an authoritative source of information about legal land ownership or public access.

To help prevent the movement of invasive forest insects and diseases, firewood burned in Wisconsin DNR campgrounds must originate from within 10 miles of the campsite. Firewood certified by the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) is allowed regardless of distance from campsite. For more information about firewood regulations, please visit:
